

*Prezentul studiu de însorire este elaborat în conformitate cu O.M.S. nr. 114/2019. Acesta nu reprezintă o bază definitivă de analiză deoarece volumul nu constituie o soluție de arhitectură ci volumul maxim în care se poate înscrie o soluție arhitecturală. Regulamentul Local de Urbanism va include obligativitatea ca la faza de proiectare, să se întocmească un studiu de însorire realizat pe soluția arhitecturală definitivă, în vederea respectării integrale a prevederilor Art. 3, din O.M.S. 114/2019.
